Sir,

I have the honor to request that a Telegraph office be opened at Kunigal. This is very necessary from a Government point of view as the place is constantly visited by officials of high rank

Moreover valuable stock is maintained at the Farm and early intimation of epidemics etc is desirable

The village is also a fairly large one and is conveniently situated at the junction of the Tumkur- Madgur and Bangalore-Chennapatna Roads so that other villages can when necessary avail themselves of the communications

The guarantee which the Government insist on may be charged against the Stud Farm

It is requested that the Telegraph may be read and completed before the visit of His Excellency the Viceroy, about 1st December. I understand that it would be impossible to get the line run up before the visit of His Excellency the Governor of Madras otherwise this would be very useful. In fact the earlier the line can be opened the better

With reference to your letter No.2703, dated the 5th of May 1911, I have the honour to give you month by month from December 1909 to April 1911 the message revenue of the Kunigal combined office. From these figures it will be seen that the average revenue is Rs.39/9 per month.

2. The full guarantee for the office and line will be approximately Rs.70/- per month and as the Durbar only has to guarantee half this amount viz., Rs.35/- it will be seen that the average revenue covers this and more, so that the Durbar need have no doubt in accepting the guarantee when it is finally quoted by the Director General of Telegraphs.

3. The Durbar's wishes may kindly be communicated to me by wire as the temporary posts with which the line was constructed are on their last legs and must either be dismantled at once or the line reconstructed at once with permanent material on which the guarantee above quoted had been based.
